We know times are tough and trying to survive in business is not getting easier – so we are trying to make it as positive as we can for you!

Our 2-day **Stamps & Hobbies Exhibition** is being held in the two main halls of King's College on Saturday 20 & Sunday 21 September 2025.

Opening hours to the public on both days are **10.00am – 4.00pm**.

There's no visitor entry fee, tons of free parking, 24/7 onsite security and, best of all, you are invited to have an Exhibition Stand at ABSOLUTELY NO COST! We will even supply the trestle tables if you need them.

Your biggest risk is being too slow to take up this offer because once spaces have been filled the best we can offer is to put you on a waiting list.

So why are we doing this?

The **Auckland Philatelic Society** is this year's host of the hobby's National Inter-Club Stamp Competition and after scouting out numerous potential venues, we picked King's College as our location because of the quality of the site, the 24/7 security and ease of parking and public transport access.

But it's a BIG site so, after running a successful Stamps and Hobbies Exhibition trial in Mt Albert last year, we wanted to again offer other hobby groups an opportunity to promote, sell, enrol or just generally wave their hobby's flag. **We figure the greater the range of hobbies on display the greater the public interest.**

So, to get the show on the road, we are offering to cover all the associated costs **including a \$10,000 advertising campaign!**

If at the end of the event you feel it has been a great success and you would like to contribute to the overheads incurred, we will ask you what you think is a suitable amount you might like to pay and send you an appropriate GST invoice. If it has not been as successful for you as you might have hoped, **you don't have to pay a cent! All it will have cost you is your time.**

There aren't too many offers like that these days so what are you waiting for?
