ARAD - French Occupation

While Arad was isolated from Budapest, the French military governor General de Gondrecourt, gave permission to issue overprinted Hungarian stamps. The overprints are interesting because of the ingenious improvisation of the type-setter. He had no examples of the letter "c" with the cedilla needed for FRANCAISE and used a reversed "5" instead.

DEBRECEN - Rumanian Occupation

The Rumanian army invaded eastern Hungary at the end of World War I and had seized Budapest by August 4 1919. Allied pressure forced them to withdraw beyond the river Theiss in November 1919 but they remained in occupation of the Debrecen district until signing the Treaty of Trianon on June 4, 1920, which returned Debrecen to Hungary.
